

"WE NEED TO RETURN TO CIVILIZATION"

The International Friendship Gardens, a philanthropic enterprise, founded May 23, 1934, are dedicated to the purpose of creating a warmer friendship between all peoples of the world. Presidents, Kings, Sultans, Queens, Dictators, Scientists, Educators, Artists, Musicians and scores of others of highest rank and of International fame from over sixty nations, have been responsible for the founding of this world renowned place of fascinating beauty.

The Italian Garden represents the art and culture of Italy. The columns are replicas of those in the Roman Forum. This Garden was constructed in 1936 when among its charter members were Benito Mussolini, then Prime Minister, Luisa Tetrazzini, Marchese Marconi, Amelita Galli-Curci and many other distinguished Italians.

The International Friendship Gardens were moved from A Century of Progress in Chicago and rebuilt at the present site in 1936.

Here the flora of the world represents a binding tie conducive to a world-wide friendship and peace, eliminating strife between nations forever.

Open to visitors from early May to late Autumn.
